

MALCO[®] E-ZEE SHINE[™]

PREMIUM EMULSION-STYLE DRESSING (1181)

DESCRIPTION

E-ZEE SHINE[™] is a silicone-emulsion, water-based dressing formulated to produce outstanding gloss on vinyl, rubber, leather and plastic.

DIRECTIONS

Shake well before using. Make sure that the surfaces to be treated are clean and dry. Use at full strength for optimal performance. Dilute up to 1:1 for a lighter gloss level or greater economy. Spray on or wipe E-ZEE SHINE, applying a thin, even coat. Allow to dry. Wipe off excess. For maximum gloss, use at full strength and apply 2 coats.

FEATURES AND BENEFITS

Silicone-emulsion formula	Produces a high-gloss shine on vinyl, rubber, leather and plastic
Water-based	Helps prevent drying, fading, cracking, discoloration & deterioration
VOC compliant
